Research & Communications Officer | Mar 2019 - Mar 2021

Legislative Assistant | May 2018 - Mar 2019

BC Government Caucus, Victoria, BC, Canada

- Managed the workflow of a multifaceted team, ensuring seamless coordination and quality assurance for digital & print communication assets.

PROJECTS

UI Designer | Nov 2023 - Jan 2024

Perfect Properties - Real Estate App, Career Foundry Project

- Developed comprehensive user flows using Miro.
- Crafted low-fidelity wireframes with Balsamiq.
- Created responsive prototypes using Figma, ensuring consistency and accessibility across all devices.

UX/UI Designer | Apr 2023 - Nov 2023

Beach Pulse - Coastal Forecasting App, Career Foundry Project

- Conducted user research to understand needs & pain points.
- Designed wireframes and refined them based on usability tests.
- Created affinity maps which guided development of the high fidelity prototype for both mobile & desktop platforms.

UX/UI Designer | Feb 2023 - Apr 2023

Si Señora - Language Flashcard App, Career Foundry Project

- Conducted a thorough competitive analysis.
- Facilitated user interviews which informed user personas & user flows.
- Executed usability tests and developed a high-fidelity prototype to showcase the final design solution.

VOLUNTEER EXPERIENCE

English Instructor | Nov 2022 - June 2023

Awesome Village, Guamal, Meta, Colombia

- Independently designed and delivered engaging multimedia presentations to diverse audiences, honing both facilitation skills and public speaking proficiency.
